

Technical Assistance Allocation Process

Owyhee Conservation District

Request for technical assistance:

12 Board meeting 2 hours each            24 hours

Grant writing & research assist            20 hours

Summer tour                                    16 hours

Total hours                                    60

Board Meetings-Owyhee CD would like Jason Miller to attend all monthly board meetings. His knowledge of current water quality projects in Division III is a tremendous help to the district, when making decision and writing detail information about water programs. Jason's knowledge of Division III gives districts like ours, with minimal staff, the opportunity to use that information to our advantage. With Jason in attendance at the monthly board meeting the supervisors are able to brainstorm and develop new philosophies to help the district's budget shortfall.

Summer tour – this year we are working with a local farmer whose passion is farmer and learning new innovative techniques such as no till/strip till. We would like Jason is assist with the preplan for the tour and be speaker at the touting ISCC assistance capabilities.

Finally, we would like to reapply for a water quality grant and would like Jason to assist with researching, writing and presenting it.

Thank you,

Owyhee Conservation District
