March 31, 2014

Delwyne Trefz, District Operations Manager
Idaho Soil and Water Conservation Commission
650 West State Street, Room 145
Boise, Idaho 83702

Dear Delwyne;

RE: Request for **Comprehensive Technical Assistance = 23 additional Hours** (27 hours are currently allocated) = 50 total hours.

The Teton SCD is requesting the Idaho Soil and Water Conservation Commission staff time in the form of Comprehensive Technical Assistance. This time will be used for the ISWCC staff member assigned to the Teton SCD to attend board meetings at a rate of 40 hours per year (8 meetings @ 5 hours per meeting with travel time included). The additional 10 hours is requested to review proposals to address replacement of failing mainline sprinkler systems and a potential review of a 319 grant to address temperature (cover issues) on some upper reaches of the Teton River. Teton SCD will utilize current SCD staff and NRCS where possible for additional technical assistance.

It is also my understanding that there are some discretionary hours allocated for 303(d)/ TMDL time. The Upper Teton TMDL is currently being evaluated for a 5 year review. Teton SCD requests that some of those discretionary 303(d) / TMDL hours be allocated to our area for that 5 year review.

The certification form is being forwarded with this letter.

Sincerely,

A handwritten signature in cursive script that reads "Lori Ringel". The signature is written in black ink and is positioned above the printed name.

Lori Ringel
District Manager
Teton SCD
