

Caribou Soil Conservation District

Fact Sheet

General Information: The Caribou Soil Conservation District was organized in 1951 to provide educational, technical and financial assistance to local landowners and operators, and conserve soil, water and related natural resources within the District's boundaries.

Mission (or Function):

- Dedicated to promoting wise land and water use, providing information and education and giving assistance to anyone looking for ways of conserving and improving our natural resources.

Envirothon students studying soil profile.

FY 2014 Accomplishments:

- Worked with Bancroft and Grace High School students on fencing and stream-bank restoration projects.
- Sponsored poster contest for 198 students.
- Supported the Natural Resources Camp, State Soils Contest and Envirothon.
- Donated seedlings to the City of Soda Springs for their Arbor Day Celebration.
- Provided an educational booth at the county fair highlighting how our food makes it to the table, and informing landowners of available USDA programs.

Solar pumping plant for livestock watering facility.

Future Plans and Projects:

- Continue ongoing projects of the Upper Black Foot River, Bear River and Whiskey Creek.
- Sponsor the annual tree sales program.
- Host and sponsor multiple outreach and education programs throughout the county.

FY 2014 District Funding:

State Funds	\$ 25,179
Local Gov't Funds	\$ 11,074
Tree Sales	\$ 1,640
319 Grant Funds	\$ 23,317
Total	\$ 61,210
