

# Camas Soil Conservation District

## 2018 Fact Sheet

### General Information

The District was organized in 1957 to help landowners assist ranchers with irrigation systems, soil quality and forage quality. The District's top priorities today are to improve rangeland, improve wildlife habitat, increase public outreach, improve water quality, reduce soil erosion, and be fiscally responsible.

### Mission

The mission of the Camas Conservation District (CCD) is to set high standards for conservation of the natural resources in the District; to encourage cooperation among landowners, government agencies, private organizations and elected officials; and to ensure an adequate natural resource base for present and future generations.

### Location

Camas County, in south-central Idaho. Camas Creek runs east to west through the lower portion of the District.
