Re: Technical Assistance request – staff support hours

Elmore Soil & Water Conservation District is requesting 24 hours of ISWCC support staff to attend the monthly supervisor's board meetings. This time would be utilized by the support staff meeting with ESWCD supervisors and keeping the supervisors informed of ISWCC business, programs and projects.

Re: Technical Assistant request – projects

Elmore Soil & Water Conservation District is requesting 50 hours of ISWCC support staff to provide technical assistance for potential projects. Elmore SWCD is researching a potential project with the Atlanta Fire District regarding fire suppression and water shed erosion. Elmore SWCD will be continuing to support Elmore County with the recharge project and Water District 161 with the installation of flow meters to area landowners.

Due to COVID-19, Elmore SWCD met on April 28, 2020 via video conference for their monthly meeting. The board supervisors approved the hours for the technical assistance for support staff and projects.
