Attn: Commissioners

Re: FY2021/2022 Request for Technical Assistance

The Payette SWCD has directed our District Manager to continue to apply for grants for clean water projects to implement BMPs and address the TMDLs in Payette County.

The Payette SWCD would like to request Comprehensive District assistance of approximately 60 hours, from Commission staff to attend meetings, tours, and advise our district, as needed, on ISWCC requirements, additional funding sources, and conservation practices.

The Payette SWCD would like to request 60 hours from Commission Engineering staff to assist in reviewing best management practice designs in meeting Natural Resource Conservation Service (NRCS) standards and specifications as needed.

Respectfully,

Jo Anne Smith
Chairman
