

Recent projects:

Annual Tree Sale

- Every spring we host an annual tree sale. We are working to grow this and have had two years of a successful

Range Land Drill

- We are currently leasing out our rangeland drill. The dry fall has slowed the rental down for the drill, but it has still found some dirt to plant.

County Fair

- Our booth this year featured an information table of what Blaine SCD has to offer Blaine County Land and water users.

Future Projects:

SNOTEL

- Blaine Soil Conservation has digital readings available from our new SNOTEL Sight for the Iron Mine Area.

Soil Health Project

- This 5-year project has several objectives: Evaluate the health of the soils in our area by testing their chemical, physical, and biological properties. Assess the effects of various agricultural practices on soil health, such as planting cover crops, using no-till or reduced tillage, integration of livestock, using manure or compost in addition to or in place of commercial fertilizer, and other practices. Educate producers about the importance of soil health. Track our progress in improving the health of our soil over a 5-year period.
