Bruneau, ID 83604 Phone: (208) 845-2299

SCD Board Meetings: 2nd Wednesday of the Month

Mission: To take available technical, financial, and educational resources, whatever their source, and focus or coordinate them so that they meet the needs of the local land user for conservation of soil, water quality and fish and wildlife habitat.

Current Projects

- 4,000 acres sprayed to control noxious weeds in partnership with the Eastern Owyhee CWMA.
 - Provide technical and financial assistance to cooperators through NRCS, SWCC, USFWS, and other funding sources to develop and implement best management practices to conserve the District's renewable natural resources
 - Administration of Quagga
 mussel check stations at
 Bruneau and Marsing.
 Conducted a total of 5,629 boat
 inspections in 2022. 22 of these watercraft
 were fouled with invasive weed species
 and resultingly cleaned and washed.
 - Partnered with USFWS to sponsor an
 Office of Species Conservation grant
 that successfully restored and
 repaired stream banks and vital sage
 grouse brood rearing habitat. The
 Cottonwood, Pole, and Alder creek
 watersheds will greatly benefit from
 the wet meadow creation and instream structures that were installed.

Top 5 Natural Resource Priorities

- 1. Invasive and Noxious Weed Species Control
- 2. Water Quality
- 3. Water Quantity
- 4. Wind Erosion Control
- 5. Public Outreach
