Top 5 Priorities

1. Water Resources & Quantity
2. Soil Erosion & Soil Health
3. Water Quality
4. Pest Management
5. District Operations

FY 2021 Revenue

- State	\$14,500.00
- County	\$ 3,000.00
- Tree Sale	\$95,517.23
- Match Funds	\$ 5,157.27

Central Bingham 2022

Central Bingham held it's annual Tree Sale in April. The money that is earned from this is used throughout the year to help with Youth Education and Outreach throughout the District.

The district received another grant from DEQ, helping multiple landowners/producers with removal of Russian Olive trees that are invading on their pasture, farms, and rangeland. The grant also assisted in paying for a fence to keep wild horses coming into farmland from the river in Springfield. We feel very fortunate to have participated in these Conservation Projects.

With the opportunity of WQPA money available this year we received 2 grants to improve water quality and irrigation efficiency. One project helped put a pivot on land that was previously flood irrigated. The other WQPA grant helped lay pipe in a ditch that fed a pump that was losing as much as 40% of the water along the way. Both landowners should see great improvement. We thank both the Commission and NRCS for their help in securing the grants, and are looking forward to future projects.

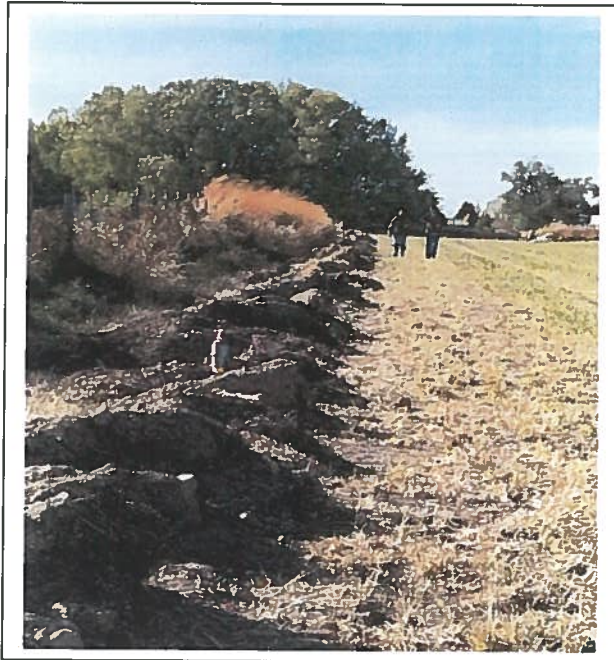

Fencing along the river in Springfield. The landowner had seen as many as 29 horses grazing on his wheat crop.

Slash pile of Russian Olives waiting to be burned next year.

Installing Pump and Wheel Lines on this previously flood irrigated field is a huge improvement !
