### Continuing Recent Project

The East Side SWCD along with the West Side SWCD attended the Earth Day event at the Happyville High Tunnel Project, people were able to go thru the new High Tunnel and see how it is set up for planting, recording ground Temperature's inside, as well as outside Temperatures, and total operation controlled by solar panels.

Starting off the day with gates open and staff Ready to start the tour of the farm

Inside High Tunnel with plants already growing

Touring the different areas and plots

Checking the bee hives for the Queen, and how many survived the winter

# East Side

## Soil & Water Conservation District

### District Operations & Educational Programs

- District Administrative Assistant will continue to attend all available training and provide training to other employees of Division VI. The District Employee and Supervisors will attend or hold public work group meetings, workshops and work with staff from the NRCS, FSA, IASCD, and ISWCC.
- The East Side SWCD will continue to work with the West Side SWCD, local media, and other partners to promote District programs in order to reach the public to encourage participation on community projects. The Adopt-A-Canal will be in its 32<sup>th</sup> year, But 10 teams did clean areas in Idaho in April of 2023
- The District will continue to provide information and assistance on the Natural Resource Camp, Speech Contest, Poster Contest, Envirothon and IDEA. Both Districts provided 2 scholarships for 2023 Natural Resource Camp
- District staff participated in the 2023 Yearly Water Festival Day at Tautphaus Park, with over 600 5<sup>th</sup> & 6<sup>th</sup> graders playing, and will continue this on a yearly basis.

SOIL HEALTH WORKSHOP  
REGENATIVE AGRICULTURE FEBRUARY 2023  
KEITH BURNS GREEN COVER SEED KEY SPEAKER
