- State	\$14,500.00
- County	\$ 3,000.00
- Tree Sale	\$117,426.28
- Match Funds	\$ 5349.68
- Grant Funding	\$125,805.50

Central Bingham 2024

Central Bingham held it's annual Tree Sale in April. The money that is earned from the sale is used throughout the year to help with Youth Education and Outreach throughout the District.

The district received another grant from DEQ, to help with removal of Russian Olive trees that have been invading the landowners pasture, and grazing rangeland. We feel very fortunate to have participated in these Conservation Projects. We have witnessed the improvement on the acres cleared of trees and brush.

With the opportunity of WQPA money available this year we received 2 grants to improve water quality and irrigation efficiency. Both projects helped put irrigation systems on land that was previously flood irrigated. One followed an earlier grant project that put pipe in a ditch feeding a pump that was losing as much as 40% of the water along the way. Both landowners are seeing great improvement in their pasture growth. We thank both the Commission, DEQ, and NRCS for their help in securing the grants, and are looking forward to future projects.

We have also participated in NWQI funding available to some landowners in our District. NRCS has funding available to implement practices helping with nitrate levels.
