State

\$14,500.00

County

\$ 3,000.00

Match Funds \$ 4,012.26

Grant Funding \$165,087.00

2024 Progress Report

This year WQPA Funds were again made available for grants through the Soil and Water Commission. We completed one more flood to pivot project. The landowner has seen the benefits of reaching areas that were not accessible with his flood irrigation practices.

The District purchased a John Deere no-till drill with funds from a DEQ Grant. We were able to use the drill with several landowners planting cover crops, grains, and forage crops for livestock. We will continue to rent the drill to landowners wanting to implement no-till into their operations.

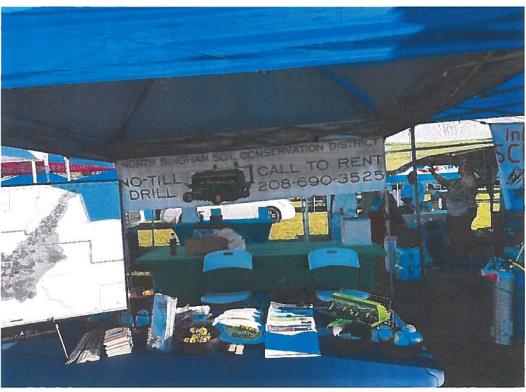

We obtained NWQI Outreach and Education Grant with funding through DEQ. We assisted in funding a Town Hall meeting with NRCS. We also sponsored a Bus Tour for landowners and partners to visit a couple locations where cover crops and companion cover crop plantings had been used. We also invited Simplot to talk about their moisture monitoring services. We also had a booth at Shelley Spud Days. We focused on NWQI and handed out water Nitrate Test Strips to the over 1500 people we visited with there. There are a couple pools of NRCS money available for projects in the NWQI priority area. Applications are always welcome for these and any other projects and improvements needed.

The District will celebrate their 80 year anniversary in 2025. We are very proud of the positive difference we are making, and putting Conservation on the Ground.

IDAHO SOIL & WATER CONSERVATION COMMISSION

PERFORMANCE REPORT CERTIFICATION

DISTRICT:	North	Bingham
	1 10111	-111911011

FOR YEAR:

2024
