Each spring the Snake River SWCD sponsors an environmental education day for 3rd graders from Hansen and Murtaugh Elementary Schools. The stations include soil, water and aquatic life. This year, the U.S. Forest Service sent a crew to help students learn about what role beaver's play in restoring riparian areas. Students got dressed up as a beaver to see first hand how beavers are adapted to their environment.

Educational Efforts

- Held the poster contest for 4th, 5th and 6th grade students in which over 150 students from four schools participated
- Sponsored an environmental education day for the Murtaugh and Hansen 3rd classes at the historic Stricker Ranch/Rock Creek store.
- Held a speech contest for high school students in the fall of 2024.
- Participated in the 2024 Twin Falls County Fair.
- Supervisor Ron Jones serves as an irrigated agriculture representative to the Mid-Snake WAG, which is updating the Mid-Snake/Rock TMDL (pollution loading plan).

The Snake River SWCD installed signs to promote cover crops in high visibility fields.
